

Privacy statement

1. Usage of our services:

Whenever you apply for information for one or several of our products or services, we might ask you to supply us with some personal data. This data is solely used to perform to your request in the best way. The data is stored on a secure server at a trusted partner of Rometron B.V. We shall not combine this data with any other data we have access to, other than to help you in the best way with your request.

2. Communication:

Whenever you e-mail us, or use any other medium to contact us, there is a possibility we save your communication. In some cases we ask for your personal details if these are relevant in the given situation. This is necessary for us to process your request and answer your question(s). The data is stored on a secure server at a trusted partner of Rometron B.V. We shall not combine this data with any other data we have access to, other than to help you in the best way with your request.

3. Cookies

Rometron B.V. collects information from your visit to the website to improve our insights in our visitors needs and wishes and improve the usability. This way we can better adapt our services to you. Our websites use cookies (little text files that are placed on your computer) to analyse website usage. The information that is generated by our cookies on the use of our website is sent to a secure server at our trusted partner. We use this data to keep notice of how you as a visitor use our website, to create reports on website usage and to offer other services based on website- and internet activity.

4. Purpose

We do not collect data for any other purposes than described in this Privacy Statement unless we specifically inform you about this and ask for your permission.

5. Duration

We save your personal data accordingly to our internal data retention policy (see cookie statement) or as long as there is a relevant relation between you and our company or how long we are legally obliged to hold on to the data.

6. Third parties

The information is not shared with third parties other than official authorized WEED-IT partners whom we have agreed a partnercontract with. In certain cases your information may be shared internally within Rometron B.V. Our colleagues are also obligated to respect your privacy at any time.

7. Modifications

This Privacy Statement is adjusted to the use and possibilities of this website. Possible changes or adjustments to this website might lead to modifications in this Privacy Statement. We therefore advise you to regularly check this Privacy Statement.

8. Personal data options

We offer all visitors to our websites the possibility to review, change or delete all

personal data that is currently provided to Rometron B.V.

9. Change data or unsubscribe

Whenever you wish to change your data stored on our secure server or you wish to unsubscribe yourself from our mailing lists or other communication means, you can always contact us via the contact details below.

10. Turn cookies off

Most internet browsers are set to accept cookies as default. You can always reset your browser settings to decline cookies or to always receive a message when a cookie is placed. As a result of this, some functions or services on our website might not work properly because of the changed cookie settings.

11. No data of persons under the age of 16

We do not have the intention to collect data of persons younger than the age of 16. We advise parents or responsible elders to be involved and to be conscious of the online activities of their children.

12. Protection and safety of your data

Rometron B.V. applies fitting and reasonable safety measures to prevent abuse, loss, illegal access, unwanted publication or irregular changes to your data as much as possible. Rometron B.V. has both organisation and technical measures in place to secure your privacy. These measures are periodically reviewed.

13. Questions and feedback

At Rometron B.V. we regularly check our Privacy Statement and check if it is still compatible with the latest privacy regulations according to law. If you have any questions about our Privacy Statement or the way our website functions due to these setting, you can contact us via:
